

VAN PELT'S
 PRINT PLUS

FLAG PRICING

The three piece stacking flagpoles are made of heavy duty fiberglass. The bottom of the pole is encased in an aluminum jacket providing excellent "split resistance" where you need it most. The top section is very strong but flexible.

The ground sleeve system is second-to-none in the industry. The easy-to-install sleeve is removable and can be relocated at any time. The flag simply slides over the pole and is connected to the pole adaptor via a small bungee cord. Now simply drop into the ground sleeve and your flag is in action!

The above ground stand is ideal for concrete, asphalt or interior situations.

FEATHER FLAGS

TEAR-DROP FLAGS

10' Feather
\$295

6' Feather
\$245
